DEPLOYABLE EMERGENCY COMMS KIT **DECK**

The Deployable Emergency Communications Kit (DECK) is a stand-alone portable Iridium®-based satellite communications solution. The DECK is designed for use by emergency personnel responding to natural or man-made disasters that have damaged or destroyed the standard communications infrastructure, such as landlines and cellular networks. It can also be used by aircrew from a remotely located downed aircraft. With this kit, ready to hit the DECK running!

SOLUTIONS4SURVIVAL

DECK

- + **Global tracking and communications coverage** powered by the Iridium® network
