

The AERONOX NVG Mount manufactured by ASU sets the standard in aviation NVG mounting.

- This lightweight reinforced system provides reliable operation under the toughest conditions.
- Its modular design is easily repairable which further reduces costs over the product's lifetime.
- Compatible with both Gentex and Alpha helmets as well as groundtroop helmets, this mount is second to none.

## FEATURES & BENEFITS

1. Retractable lanyard with breakaway feature prevents loss of NVG
2. Low profile LEMO connector accepts AERONOX / legacy power supplies
3. Increased vertical adjustment to accommodate various helmet styles
4. Reinforced carriage prevents critical failure during strenuous operation
5. NVG release button allows goggle to be stowed while not in use
6. LBI (low battery indicator) alerts user of low battery life from power supply
7. QD/universal interface provides secure attachment to air and ground helmets

## MOUNT SPECIFICATIONS

- Weight (with lanyard): 103g
- Material: high strength polymer / aluminum
- Dimensions: 2.3" L x 2.7" W x 3.8" H
- Vertical adjustment: 1.3"
- Available colors: black
- Helmet compatibility: Gentex, Alpha, MSA Gallet, Paraclete, EVO
- NVG compatibility: F4949, M949, AN/AVS 6/9, GPNVG-18, AN/PSQ-36, SENTINEL
- Warranty: 1 year
